

I am writing to let you know how much I appreciate the presence of K-Love 100.7 FM on my radio station. It is important to have stations that represent the different segments of our society, & K-Love happens to represent mine. I am grateful to be able to turn it on 24/7 & hear the music & talk that it promotes. I believe that it is beneficial to my community as well. It encourages good citizenship which makes the Mohawk Valley a good place to raise a family. Anyone flipping around the dial who lands at 100.7 will be encouraged. To have this reduced or removed would leave a void, & would leave a segment of society unrepresented on the air. Thank you for the opportunity to send my comment.
